

```
1  #include<stdio.h>
2
3  int main()
4  {
5      printf("Hi there /\\";
6      printf(" ");
7      printf(" ");
8      printf(" ");
9      printf(" ");
10     printf("I hope you are doing great and practicing well.\n");
11     printf("Now this is a simple task you need to do.");
12     printf(" ");
13     printf(" ");
14     printf(" ");
15     printf(" ");
16     printf(" ");
17     printf("Just care for the indentation.\n");
18     printf("Show 100%% of sincerity.");
19
20     return 0;
21 }
```
